

Rules:

- 1. Move one of your pieces along its arrow, any number of spaces. Any other piece will block you.
- 2. The opponent's piece is shielded from your take if it has an arrow pointing at you.
- 3. If the opponent's piece doesn't have an arrow pointing at you, you can land on it to take it.
- 3. The king piece can only move 1 square in any direction, and can take in any direction.
- 4. A player wins once they've taken their opponent's King.
- 5. Take Turns, play nice, and send any comments or errata to:
